Dear Sir/ Madam

I would like to bring to your kind attention regarding the curriculum feedback received from the students and staff handling the course during the academic year 2022-2023. Following are the suggestion given for updating them in the future:

1. To include Digital Marketing in the curriculum and introduce the latest papers in the curriculum so that students will keep themselves updated to the changing scenario.
2. For all the 3 years the curriculum framework should be intimated in the beginning of the academic year itself. Any change made in between the year is a hardship both for the Students and Staff handling the course.

I request you to take necessary actions in updating the changes to be implemented in the curriculum for the benefit of the students and Staff in the next academic year.
