Orientation Programme

2025 - 2026

Event Summary:

Name of the Event : Orientation Programme
Date : 30.06.2025 & 01.07.2025
Participants : I B. Sc Computer Science
Venue : Hall No: 37 AHWC

The Department of Computer Science organized an Orientation Programme for the newly admitted First Year B.Sc. Computer Science students on 30.06.2025 at Room No: 37. The main objective of the program was to introduce students to the academic structure, department culture, college regulations, and various support systems that will guide them throughout their undergraduate journey.

The session began with a warm welcome by Mrs. S. Shankari, Assistant Professor of Computer Science, followed by a sequence of informative presentations from faculty members. The orientation covered various key aspects such as:

- Introduction to the B.Sc. CSC Curriculum: A detailed overview of the course structure, credit system, laboratory sessions, project work, and evaluation methods.
- Career Opportunities in Computer Science: The faculty discussed various career paths including software development, web development, data science, cybersecurity, and cloud computing.
- Your First Coding Language – Tips and Tricks: Students were introduced to Python as their first programming language, along with beginner-friendly practices, coding resources, and the importance of regular practice.
- Skill Development from Day One: The importance of logical thinking, problem-solving, teamwork, time management, and effective communication was stressed as essential non-technical skills for success in the tech industry.
- Academic Support and Campus Resources: Students were guided on how to access academic resources such as the library, online learning platforms, faculty mentorship, and technical support facilities like computer labs and coding clubs.

- Ethics and Digital Responsibility: A brief session was held on the ethical use of technology, online behaviour, and cybersecurity awareness.

Mrs. S. Shankari gave a detailed introduction to the Department of Computer Science, highlighting the faculty team, academic infrastructure, lab facilities, and overall department objectives, overview of course structure and credit system. She also explained the college rules and regulations, emphasizing the importance of discipline, regular attendance, dress code, and academic integrity.

Additionally, she introduced students to Python as their first programming language, offering beginner-friendly tips and tricks to make learning easier and more enjoyable. She encouraged students to start practicing coding regularly and to use available online resources and simple projects to build confidence. She also stressed the importance of skill development from day one, highlighting non-technical skills such as logical thinking, problem-solving, teamwork, time management, and effective communication, which are essential for success in the tech industry and future workplaces.

Dr. K. M. N. Syed Ali Fathima delivered a special session on the college's value-based education. She explained the significance of Moral Education, Deeniyath, and the Muballika courses offered by the institution. These programs aim to nurture ethical values, spiritual awareness, and cultural understanding among students. Her session encouraged students to maintain a strong moral foundation along with academic excellence.

Mrs. M. Usha elaborated on the various clubs and student support cells in the college, such as the Quiz Club, Placement Cell, Women Empowerment Cell, and Anti-Ragging Committee. She also discussed the numerous career opportunities available for Computer Science graduates and shared insights into the current job market, including both government and private sector vacancies. Her session inspired students to begin career planning early and to actively participate in extracurricular activities.

Ms. S. Kaviya focused on the academic structure and examination system, explaining in detail the Continuous Internal Assessment (CIA) components such as internal tests, assignments, and attendance. She also provided clarity on the external semester examinations, and the code of conduct for Computer Science Lab, Lab Login register, practical exams, and final year projects, emphasizing the need for consistent academic performance.

She further guided students on how to make use of academic support and campus resources, including the library, online learning platforms, faculty mentorship, and access to technical facilities such as computer labs and coding clubs, which play a vital role in enhancing their learning experience. In addition, she addressed the importance of ethics and digital responsibility, encouraging students to use technology wisely. She highlighted online safety, respectful digital behavior, and cybersecurity awareness as key aspects of becoming responsible digital citizens in today's tech-driven world.

Outcome of the Programme: The orientation programme helped students gain a clear understanding of academic expectations, departmental procedures, and examination patterns. It motivated them to approach their studies with confidence and discipline. Students were also introduced to career opportunities, value-based education, and skill development from day one, laying a strong foundation for their academic journey.

The Department of Computer Science welcomed first year students of Computer Science with an insightful and inspiring Orientation Programme on 30th June and 1st July 2025

Internal Quality Assurance Cell

Report on Memorandum of Understanding (MoU) Signed Between IQAC & Department of Computer Science and ATS

Event Summary

Name of the Institution : Annai Hajira Women's College, Melapalayam

Department : Department of Computer Science

Collaborating Organization : ATS

Date of Signing : 16.06.2025

Coordinating Body : Internal Quality Assurance Cell (IQAC)

Nature of Collaboration : Academic–Industry Partnership

The Internal Quality Assurance Cell (IQAC) and the Department of Computer Science of Annai Hajira Women's College, Melapalayam, entered into a Memorandum of Understanding (MoU) with ATS on 16 June 2025. The collaboration was established with the primary objective of strengthening academic–industry interaction and enhancing the practical and professional competencies of students in the field of Computer Science.

The MoU reflects the institution's continuous commitment towards quality education, skill enhancement, and employability-oriented learning. Through this partnership, students will gain exposure to current industry trends, technical practices, and professional standards required in the competitive IT sector.

The Memorandum of Understanding was initiated with the following objectives:

1. To bridge the gap between academic learning and industry requirements.
2. To provide students with hands-on training and practical exposure.
3. To organize skill development programmes relevant to current technological advancements.
4. To create opportunities for internships, workshops, seminars, and industrial interactions.
5. To enhance students' employability and professional competencies.
6. To encourage collaborative activities between academia and industry experts.
7. To support students in developing technical, communication, and problem-solving skills.

The MoU will provide the following Academic and Professional Benefits to Students of the Department of Computer Science:

- Exposure to industry practices and real-time applications.
- Opportunities to acquire practical and technical skills.
- Improved employability and career prospects.
- Access to professional guidance from industry experts.
- Development of communication and interpersonal skills.
- Enhanced confidence in handling technological challenges.
- Opportunities for internships and project-based learning.
- Better understanding of current trends in the IT industry.

Outcomes

The collaboration is expected to improve the technical and professional competencies of students through industry-oriented learning experiences. It will increase students' exposure to industry practices and provide practical learning opportunities that bridge the gap between theory and application. The MoU is also expected to create better placement opportunities for graduating students by enhancing their employability skills. Through industry-supported programmes and activities, the academic quality of the department will be further strengthened. The collaboration will contribute to the development of curriculum enrichment activities that are relevant to current industry requirements. It will also encourage greater student participation in skill development programmes and technical training sessions. Furthermore, the partnership will strengthen the relationship between academia and industry, promoting continuous interaction and collaborative growth.

Event Summary:

Name of the Event	: Artificial Intelligence Appreciation Day
Date & Time of the Event	: 19.07.2025 @ 10.00 A.M
Participants	: All students of Computer Science Department
Organized By	: IQAC & Department of Computer Science, AHWC
Venue	: Seminar Hall, Annai Hajira Women's College

The **Internal Quality Assurance Cell (IQAC) & Department of Computer Science, Annai Hajira Women's College, Melapalayam** jointly organized the celebration of **Artificial Intelligence Appreciation Day** on **19th July 2025 at 10:00 A.M** with great enthusiasm and active student participation in the Seminar Hall.

The event began with a soulful Qirat recitation by Murzeetha Shirin K S of III B. Sc Computer Science, followed by a warm welcome address delivered by Krishnaveni A of the same class. As part of the **"Student's Verve & Vibe"**, the following activities were showcased. Jumana M, Sajitha Fathima S K, Pitchammal Begam J H, and Safrin S from II B. Sc Computer Science, presented informative papers on various AI-related topics.

A thought-provoking debate on the theme **"Is AI the End of Job or Start of New Intelligence?"** was conducted, featuring active participation from both II and III-year students. The debate participants included Ameenal Yasmin L, Mohamed Rasiha S A, Amina Nasrin M, and Fajula Dawood P from III B. Sc Computer Science, along with Samrin Hasraa S and Safiya Fathima O Z from II B. Sc Computer Science. The session was evaluated and appreciated by the esteemed chief guests, **Dr. N. Ammakutti @ Sridevi**, Head and Assistant Professor of Physics, and **Dr. R. Lavanya**, Assistant Professor of Physics, who also shared their expert insights on the growing influence of AI in society.

Following this, a creative and impactful stage act titled **"Beyond Code: The AI that Tested Feelings and Time"** was performed by the talented students of III B. Sc Computer Science

Yasmeen Fathima S H, Abeda Begam S, Hameedha Banu K N, Roselin Fathima S, Nashmia F, Mahmuthal Begam N, Enbasri E, and Ayesha Fahmeedha K. The performance artistically portrayed the evolution of Artificial Intelligence and its potential real-life applications, emphasizing its transformative role in shaping the future.

The event concluded with a heartfelt vote of thanks by Sameedha A of II B. Sc Computer Science. The celebration provided a valuable platform for students to enhance their knowledge, communication, and presentation skills while reflecting on the benefits and challenges of AI in today's world.

Outcome of the Programme: In this event, the **Artificial Intelligence Appreciation Day**, students built a strong foundation in AI concepts and their applications across various fields. Through activities such as paper presentations, debates, and stage performances, they enhanced their research, analytical, communication, and presentation skills. The event also encouraged critical thinking on ethical issues, strengthened teamwork through collaborative tasks, and contributed to holistic development by blending technical knowledge with soft skills and creative expression.

Students showcased their talents on applications and impact of AI during Artificial Intelligence Appreciation Day celebration on 19th July 2025.

Event Summary:

Name of the Event	: World Wide Web Day
Date & Time of the Event	: 01.08.2025 @ 11.30 A.M
Participants	: All students of Computer Science Department
Organized By	: IQAC & Department of Computer Science, AHWC
Venue	: CSC Lab, Annai Hajira Women's College

The Internal Quality Assurance Cell (IQAC) & Department of Computer Science, Annai Hajira Women's College, Melapalayam jointly organized the celebration of World Wide Web Day on 1st August 2025 at 11:30 A.M in the CSC Lab under the theme "Students' Verve & Vibe". The event aimed to commemorate the invention of the World Wide Web and to inspire students to understand and engage with the technology that powers the modern digital world.

The event commenced on a spiritual note with a Qirat recited by Athila Furhana N of I B.Sc Computer Science, followed by a warm Welcome Address delivered by Sameeha S of I B.Sc Computer Science.

The core segment of the event was the "Code & Create", where a team of students Benezia Judith J, Hameedha Banu K N, Krishnaveni A, Roselin Fathima S, Yasmeen Fathima S H, and Mahmuthal Begam N all from III B.Sc Computer Science, along with Samrin Hasraa S from II B.Sc Computer Science showcased their innovation and creativity through web development. These students presented well-structured websites, combining user-friendly interfaces with

visually appealing layouts and functional coding, demonstrating their knowledge of HTML, CSS, and related web technologies.

This was followed by the interactive and challenging Quiz “Pixels&Puzzles ”organized by Madhumitha S and Yasmeen Fathima S H of III B.Sc Computer Science. The event included several rounds such as Think and Answer, Find the Logo, Who Am I?,Connection, Jumbled Words, and Abbreviations.

The following nine teams took part in the event:

- Team A: Hameedha Banu K N & Roselin Fathima of III B.Sc Computer Science,
- Team B: Samrin Hasraa S&Thanga Muthu R of II B.Sc Computer Science,
- Team C: Meeyakhan Shafana Begam M&Sumaiya S of I B.Sc Computer Science,
- Team D: Packeera Barvin M&Raisha N of III B.Sc Computer Science,
- Team E:Reema Roshni S&Safiya Fathima O Z of II B.Sc Computer Science
- Team F: Chetty Packeeral Beevi O S M&Mathar Abitha M of I B.Sc Computer Science
- Team G: Safrin S&Salma Farhana M of II B.Sc Computer Science
- Team H: HajMeera C&Zeenath M of I B.Sc Computer Science,
- Team I: Aareefa Bismi M K&Abitha Parvin M of II B.Sc Computer Science.

Each round tested the students’ knowledge of web history, technical concepts, logic, and problem-solving abilities.

After a competitive set of rounds, Team D, comprising Packeera Barvin M and Raisha N of III B.Sc Computer Science, secured the Winner’s position, while Team I, represented by AareefaBismi M K and Abitha Parvin M of II B.Sc Computer Science, were declared the Runner up position.

In Poster Making named “Design the Vision” competition, where students expressed their ideas and thoughts creatively through canva. The following the participants from III B.Sc Computer Science included Benezia Judith J and Krishnaveni A, along with Safiya Fathima O Z of II B.Sc Computer Science. The participants from I B.Sc Computer Science were Aabitha K, Athila Furhana N, Barsana Barvin N, Jumana S, Meeyakhan Shafana Begam M, Sana S, and Sumaiya S. The posters revolved around themes such as internet innovation, the impact of the web. The creative expressions reflected both artistic skill and awareness of how the internet shapes communication, education, and modern life.

The event concluded with a heartfelt vote of thanks by Ahamed Nisha P K of II B. Sc Computer Science. The celebration provided a valuable platform for students to enhance their knowledge, creativity, and technical skills while reflecting on the evolution, impact and future possibilities of the World Wide Web.

Outcome of the Programme: The event provided a dynamic platform for students to enhance their technical, analytical, and creative abilities. Through quiz competitions, web design presentations, and poster-making, students not only deepened their understanding of web technologies but also developed skills in teamwork, communication, and critical thinking. The active involvement from students of all three years created a collaborative and competitive learning environment. Most importantly, the programme succeeded in instilling a greater appreciation for the role of the World Wide Web in shaping our digital future.

Students showcased their skills at the Code & CreateWeb Designing

Enthusiastic Participation in the Pixels & Puzzles

Poster Showcase: A Glimpse into Student Creativity

G-WIZ ASSOCIATION 2025

Event Summary:

Name of the Event	: G-WIZ Association 2025
Date & Time of the Event	: 08.08.2025 @ 10.00 A.M
Participants	: All students of Computer Science Department
Organized By	: Department of Computer Science, AHWC
Venue	: CSC Lab, Annai Hajira Women's College

The Department of Computer Science at Annai Hajira Women's College organized the G-Wiz Association Inaugural for the academic year 2025 on 8th August 2025 in the CSC Lab. The event served as a platform to motivate and empower students through the introduction of advanced tools in data analytics and technology.

The programme commenced with the recitation of the Qirat by Yasmeen Fathima S H of III B. Sc Computer Science, which created a spiritually uplifting and solemn atmosphere. This was followed by the Welcome Address delivered by Hameedha Banu of III B. Sc Computer Science, who extended a warm welcome to the chief guest, faculty members, and students. She highlighted the significance of the G-Wiz Association in fostering technical skills and professional growth among students.

The highlight of the event was a guest lecture by Mr. Basheer Mohideen, Founder of Discover Datum, on the topic "Unleash Power BI & Potential Opportunities." During the session, Mr. Basheer delivered an insightful overview of the Extract, Transform, Load (ETL) process and elaborated on the fundamental components of Business Intelligence (BI), along with its architecture and role in today's data-driven world. He discussed essential data modelling techniques and their relevance in building effective analytical systems. The session

featured practical business use cases such as financial analysis, daily revenue trends, top-performing products and customers, profit margin evaluation, and revenue anomaly detection. These examples illustrated how Power BI can transform complex datasets into meaningful and actionable insights for business decision-making.

A live demonstration using mock data further enriched the session, where an Excel sheet was converted into an interactive Power BI dashboard using the Power BI Desktop tool. Mr. Basheer demonstrated the seamless process of data extraction, transformation, and visualization within the platform. He highlighted how queries like filtering, merging, and creating calculated columns can be applied using the Power Query Editor. The session emphasized the importance of visual storytelling, showcasing how dynamic charts, graphs, and custom visuals can effectively convey key metrics. He also introduced the concept of self-service BI, empowering even non-technical users to independently create insightful reports and conduct digital analysis. A sample case study on hospital management was presented, further highlighting Power BI's wide applicability across various sectors and its potential to drive data-centric solutions.

During the interactive Q & A session, students actively engaged with the resource person, Mr. Basheer Mohideen, to deepen their understanding of Power BI and its applications. Mahmuthal Begam N, Roselin Fathima S, and Hameedha Banu K N of III B. Sc Computer Science, along with Safiya Fathima O Z and Mariyamul Rahmath S of II B. Sc Computer Science, posed thoughtful questions related to data modelling, visualization techniques, and career opportunities in Business Intelligence. Their enthusiastic participation reflected keen interest and curiosity, making the session highly engaging and insightful for all attendees.

The Vote of Thanks was delivered by Samrin Hasraa S of II B. Sc Computer Science. She expressed heartfelt gratitude to the guest speaker, Mr. Basheer Mohideen, for his valuable insights. She thanked the faculty, organizers, and students for their support and participation. Her words marked a graceful conclusion to the inaugural event.

Outcome of the Program: The session on “Unleash Power BI & Potential Opportunities” equipped students with a comprehensive understanding of Business Intelligence and data visualization techniques. Through hands-on demonstrations, participants learned how to transform raw data and create interactive dashboards using Power BI. The inclusion of real-world case studies helped students connect theoretical concepts with practical industry applications. The event inspired many to consider data analytics as a promising career option. Overall, it empowered students with valuable skills and insights into leveraging self-service BI tools for effective decision-making.

Inauguration of the G-Wiz Association on 08.08.2025, marking the beginning of its academic and co-curricular activities

Mr. Basheer Mohideen, Founder of Discover Datum, delivering insights on 'Unleash Power BI & Potential Opportunities'

Event Summary:

Name of the Event	: Cyber Security Awareness
Date & Time of the Event	: 13.08.2025 @ 11.00 A.M
Participants	: All First Year Students
Organized By	: IQAC & Department of Computer Science, AHWC
Venue	: CSC Lab, Annai Hajira Women's College

The Internal Quality Assurance Cell (IQAC) & Department of Computer Science, Annai Hajira Women's College, Melapalayam jointly organized the celebration of **Cyber Security Awareness** on **13th August 2025** at **11:00 A.M** in the **CSC Lab**. The event aimed to educate students on the importance of online safety, ethical practices, and the latest trends in cyber security.

The session commenced with the recitation of the **Qirat** by Haj Meera C of I B. Sc Computer Science, followed by a warm **Welcome Address** delivered by Sameeha S of I B. Sc Computer Science. The **Presidential Address** was given by the Principal, **Dr. K. Rajab Fathima**, who highlighted the relevance of cyber security in the digital era.

Dr. R. Anuradha, Assistant Professor & Head, Department of Chemistry, and IQAC Co-ordinator, introduced the chief guest, **Ms. Basila Shamsudeen Shaffi**, a renowned Cyber Security Analyst, Ethical Hacker, and Public Speaker. Following the introduction, Mrs. S. Shankari, Assistant Professor and Head of Computer Science Department honoured **the chief guest with a shawl** as a mark of respect and appreciation.

Ms. Basila Shamsudeen Shaffi delivered a comprehensive and engaging session on cyber security, addressing both fundamental safety practices and emerging threats. She highlighted the importance of protecting personal privacy on social media, using password managers, identifying **phishing** attempts, and avoiding unverified or unnecessary applications, especially in light of scams prevalent in Tamil Nadu.

She explored the dual role of emerging technologies such as **ChatGPT and Artificial Intelligence**, noting their benefits alongside potential misuse in cyberstalking, online harassment, **deepfake creation**, and **voice cloning** issues that have shown disproportionate impacts on women. Drawing from real-life incidents, she explained their risks, consequences, and psychological effects, while providing clear strategies for recognising and verifying threats.

Her practical guidance included adjusting privacy settings, clearing cache and browser history, securing devices, updating software regularly, installing **antivirus** and **anti-malware tools**, and enabling multi-factor authentication. She concluded by demonstrating how to report cybercrimes via the **National Cybercrime Reporting Portal, the Tamil Nadu Police Cybercrime Portal, and the helpline number 1930**, empowering participants to stay alert, informed, and resilient in the digital landscape.

The programme concluded with an interactive **Q & A session**, where students clarified their doubts and discussed real-life concerns. Finally, Zeenath M of I B. Sc Computer Science proposed the **Vote of Thanks**, expressing gratitude to the management, the chief guest, faculty members, and students for their active participation. The event was highly informative, empowering participants with the knowledge and tools to protect themselves in the digital world, and encouraging responsible online behaviour.

Outcome of the Programme: The Cyber Security Awareness programme enhanced students' knowledge of online safety, privacy, and ethical digital practices. They learned to identify phishing, scams, and emerging threats like deepfakes, voice cloning, cyberstalking, and harassment, with emphasis on their impact on women. Practical tips on secure passwords, privacy settings, device protection, and regular updates were shared. Students were also guided on reporting cybercrimes through the National Cybercrime Reporting Portal, Tamil Nadu Police Cybercrime Portal, and helpline, motivating them to adopt safe and responsible online behavior.

PARTICIPANTS' LIST – 13.08.2025

National Space Day

Event Summary:

Name of the event	: National Space Day
Date of the event	: 25.08.2025 @ 11.00 a.m.
Venue	: Seminar Hall
Participants	: All students from science stream
Outcome	: Students gained valuable insights into the role of women in space science. Active involvement in quiz, elocution, and online competitions boosted scientific curiosity and confidence among participants. The seminar and addresses motivated students to pursue careers in science and innovation.

The Internal Quality Assurance Cell (IQAC) of our college, in collaboration with all Science departments, celebrated National Space Day on 25th August 2025 with great enthusiasm. The highlight of the event was an inspiring seminar on the theme “Empowering Girls through the Lens of Space Exploration”. The programme commenced with Qirat by Yasmeen Fathima S. H., a student of III B.Sc. Computer Science, followed by Tamizhthai Vazhthu. The welcome address was delivered by our esteemed Principal, Dr. K. Rajab Fathima, who shared her valuable insights on the significant contributions of women astronauts like Sunita Williams and Kalpana Chawla in the field of space science.

The Presidential Address was given by our Honourable President, Haji. Er. S. K. Syed Ahamed, who proudly spoke about India's advancements in Medical and Space Sciences and highlighted the remarkable role of scientists from Tamil Nadu in ISRO. The session reached greater heights with the thought-provoking address of the Chief Guest, Prof. Dr. Mohammad Mazahir Alam, President, Board of Unani, Siddha, and Sowa-Rigpa, NCISM, New Delhi. He emphasized the empowerment of women in space science and proudly highlighted the inspiring life of Annai Hajira, portraying her as a symbol of strength, resilience, and progress for generations to follow.

Adding vibrance to the celebration, Quiz and Elocution Competitions were organized on the same day. In the Quiz competition, K. N. Hameedha Banu of III B.Sc. Computer Science and S. Ramzan Begum of I B.Sc. Mathematics secured the first prize, while Mohamed Irfana K of II B.Sc. Chemistry and Sehu Fathima T M S of I B.Sc. Mathematics won the second prize. In the Elocution competition, Mohamed Irfana K of II B.Sc. Chemistry won the first prize, followed by Roseline Fathima S of III B.Sc. Computer Science in the second position, while the third prize was shared by Samsu Nisha R of II B.Sc. Chemistry and Baheera S of I B.Sc. Mathematics. The felicitation address was delivered by Dr. G. Subash Chandran, Associate Professor, Government Siddha Medical College, Palayamkottai, who appreciated the milestones of our college and the relentless efforts of the management. He motivated the faculty and students to collaborate on bringing impactful government and non-government projects to the institution.

The event concluded with the Prize Distribution Ceremony and a warm Vote of Thanks proposed by Dr. R. Anuradha, IQAC Coordinator, followed by the rendition of the National Anthem. In addition, a series of online competitions—Quiz, Essay Writing, Poster Making, and Space Meme Contest, were held on 23rd August 2025, witnessing active participation from more than 10 schools and colleges in and around the region. E-certificates were issued to all participants, marking the event as a resounding success that truly celebrated science, innovation, and the power of women in space exploration.

Competitions Conducted

Principal Dr K Rajab Fathima delivering the Welcome Address during the seminar.

College President Er. S.K. Syed Ahamed delivering the Presidential Address

Felicitation by Dr. G. Subash Chandran, Associate Professor, Govt. Siddha Medical College, Palayamkottai

Dr. Mohammad Mazahir Alam, President, Board of Unani, Siddha, and Sowa-Rigpa, NCISM, New Delhi addressing the students

Prize Distribution

Dr. R. Anuradha, IQAC Co-ordinator and Head, Department of Chemistry, delivering the Vote of Thanks

Report on the recognition received under MongoDB Programme

Event Summary

- Name of the event** : Recognition under the MongoDB Recognition Program
- Place of the event** : GRT Hotel, Tirunelveli
- Date of the event** : 29.08.2025

The Department of Computer Science of Annai Hajira Women's College has consistently encouraged the integration of modern technologies into academic and professional practices. As a result of these continuous efforts, the department received recognition under the MongoDB Recognition Programme for its remarkable achievement in promoting technology-based education and digital learning initiatives.

The College and ICT Coordinator were awarded certificates during a special programme organized by ICT on 29 August 2025. The recognition acknowledged their dedication toward enhancing technological awareness and fostering skill development among students and faculty members.

This achievement highlights the department's active involvement in incorporating modern technological tools into the teaching-learning process. The recognition also demonstrates the institution's commitment to strengthening academic quality and encouraging innovation in computer science education.

Furthermore, the accomplishment serves as a source of motivation for both faculty and students to improve their digital competencies, expand their technical expertise, and remain updated with current industry trends and emerging technologies. The Department of Computer Science continues to strive for excellence by creating opportunities that support professional growth, practical learning, and industry-relevant skill development.

Event Summary:

Name of the Event	: International Programmer's Day
Date & Time of the Event	: 13.09.2025 @ 10.00 A.M
Participants	: All students of Computer Science Department
Organized By	: IQAC & Department of Computer Science, AHWC
Venue	: CSC Lab, Annai Hajira Women's College

The Internal Quality Assurance Cell and the Department of Computer Science of Annai Hajira Women's College, Melapalayam, jointly celebrated Programmer's Day on 13th September 2025 at 10:00 A.M. in the CSC Lab with great enthusiasm.

The program commenced with a soulful qirat rendered by Mahmuthal Begam N, III B.Sc. Computer Science, followed by the Welcome Address delivered by Jarin Fathima M, III B.Sc. Computer Science, who warmly greeted the gathering and highlighted the importance of Programmer's Day in honoring coding skills and logical thinking.

The major highlight of the celebration was "Programmers' Drive & Essence", which featured an engaging Code Scramble Competition. The contest was designed to test coding abilities and problem-solving skills through four dynamic rounds:

- Jumbled Code – rearranging disordered code snippets into correct programs.
- Debugging – identifying and correcting errors in given programs.

- Algorithm Scramble – reconstructing logic and flow of algorithms.
- Syntax Challenge – recalling and applying the correct syntax for programming constructs.

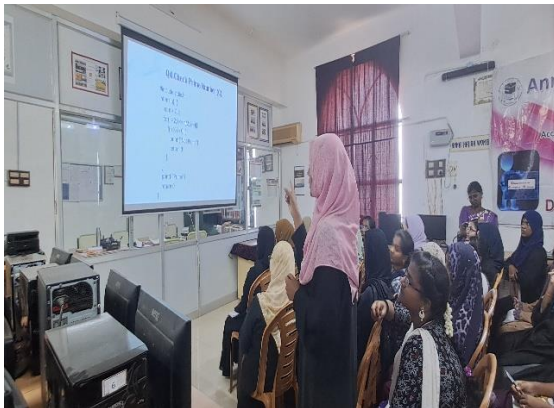

In addition to these rounds, a thrilling segment titled “Code Breaker” was conducted. It included three mind-bending puzzles:

- Anagram Challenge – deciphering scrambled words of popular programming languages.
- Programmer’s Riddles – solving fun, logical riddles related to computing.
- Caesar Cipher – decoding secret messages through cryptographic shifts.

Each round witnessed active participation from students of all three years of the Computer Science department. Their enthusiastic involvement made the competition lively and interactive, showcasing diverse talents and teamwork. The celebration concluded with the Vote of Thanks proposed by Ayesha Fahmedha K, III B.Sc. Computer Science, who expressed gratitude to the management, faculty, and participants for making the event a grand success.

Outcome of the Programme

The event provided students with an opportunity to apply their theoretical knowledge in practical problem-solving. It enhanced their logical reasoning, debugging, and coding efficiency while boosting confidence in competitive programming. The active involvement of all three-year students created a healthy spirit of competition, encouraged collaborative learning, and strengthened their interest in the world of computer science.

Cracking codes, breaking puzzles – our students owned Programmer's Day 2025

Participation in State-Level Workshop

Event	: State-Level One-Day Workshop
Institution	: Department of IT, Rose Mary College of Arts & Science (Women),
Date	: 17 September 2025
Participants	: II B.Sc. Computer Science Students
Faculty Coordinator	: Ms. S. Kaviya, Assistant Professor, Department of Computer Science

On 17 September 2025, the students of II B.Sc. Computer Science, accompanied by Ms. S. Kaviya, participated in a specialized state-level workshop focused on the emerging field of Large Language Model (LLM) orchestration. The workshop, titled "Next-Gen Chatbot Engineering with LangChain," provided a deep dive into the technical frameworks currently driving the evolution of Artificial Intelligence and conversational agents. The workshop was designed to bridge the gap between theoretical AI concepts and practical implementation.

Key areas covered during the sessions included:

- Introduction to LangChain: Understanding the framework used to "chain" different components together to create advanced LLM applications.
- Prompt Engineering: Strategies for optimizing inputs to achieve more accurate and context-aware responses from AI models.
- Memory and Context: Learning how modern chatbots maintain conversation history and access external data sources to provide relevant information.
- Hands-on Development: Students were exposed to the workflow of building functional chatbot prototypes, emphasizing the shift from traditional rule-based systems to generative AI.

The participation of the II B.Sc. Computer Science students in this workshop was highly successful. It has equipped them with foundational knowledge in LangChain and AI engineering, laying the groundwork for future projects and research in the domain of Intelligent Systems. The Department of Computer Science continues to encourage such engagements to ensure students remain at the forefront of technological advancements.

Outcome of the Program:

By attending this workshop, students gained exposure to Next-Gen technology that is currently in high demand within the software industry. This initiative aligns with the department's goal of ensuring students are well-versed in industry-standard tools and frameworks beyond the standard curriculum. The interactive sessions allowed students to engage with peers and experts from other institutions, fostering a spirit of collaborative learning and technical inquiry.

Achievement in State-Level Intercollegiate Meet

Event	: ICAPO '25 (State-Level Intercollegiate Meet)
Host Institution	: St. Xavier's College (Autonomous), Palayamkottai
Date	: 20 September 2025
Topic	: "AI and the Future"
Award	: Third Prize

Twelve students from the Department of Computer Science represented the institution at the State-Level Intercollegiate Meet, ICAPO '25, held at St. Xavier's College, Palayamkottai. The contingent participated in various technical and non-technical competitions against representatives from 22 Science and Engineering colleges across the state. The students successfully competed against a rigorous field of participants from 22 colleges. Their success highlights the department's focus on fostering academic excellence, research aptitude, and a deep-seated commitment to technological innovation. The department congratulates the winners and all participants for their dedicated efforts and for bringing laurels to the institution.

Department of Computer Science

Event Summary:

Name of the Event	: Python for Data Science
Date & Time of the Event	: 23.09.2025 @ 10.00 A.M
Participants	: All students of Computer Science Department
Organized By	: Department of Computer Science, AHWC
Venue	: CSC Lab, Annai Hajira Women's College

The Department of Computer Science, Annai Hajira Women's College, organized a one-day interactive learning lab on Python for Data Science on 23rd September 2025 at the CSC Lab. The program began with **Qirat** by Yasmeen Fathima S. H., III B.Sc. Computer Science, followed by the **Welcome Address** delivered by Suvairiya K., II B.Sc. Computer Science. The session was facilitated by **Mrs. J. Yamuna Bee, M.E., (Ph.D.)**, Assistant Professor and Head, Department of Artificial Intelligence and Data Science, PSN College of Engineering and Technology, who guided the participants through the fundamentals of Python programming and its applications in data science. Mrs. S. Shankari, Assistant Professor and Head In-charge, honoured the facilitator by presenting a memento as a token of appreciation.

During the technical session, Mrs. Yamuna Bee introduced the basics of Python, starting with variables, libraries, header files, and file handling concepts such as creating, reading, and writing files. She highlighted the importance of library files in simplifying programming tasks and then moved to data science-specific tools, focusing on **NumPy** for numerical computations and **Pandas** for structured data analysis. To make the workshop

interactive, students practiced simultaneously using **JupyterLite Notebook**, enabling them to implement the concepts in real time.

The facilitator also broadened the students' knowledge by giving an overview of **Artificial Intelligence (AI), Machine Learning (ML), Deep Learning (DL), and Data Science (DS)**, explaining their interconnections and how Python serves as a powerful tool in these domains. She further demonstrated **data visualization techniques**, including bar charts and pie charts, and emphasized advanced features such as legends, colour palettes, and alignment for effective and visually appealing representation of data.

They gained hands-on experience in Python, exposure to essential libraries like NumPy and Pandas, and insights into emerging fields like AI, ML, DL, and DS. With practical training in coding and visualization, the session enriched participants with valuable skills and provided them with a strong foundation to advance in the field of data science. The program concluded with a **Vote of Thanks** proposed by Sajitha Fathima S. K., II B.Sc. Computer Science.

Outcome of the Programme

The workshop provided hands-on experience in Python programming with libraries like NumPy and Pandas, covering data handling, visualization, and applications in AI, ML, DL, and Data Science. The interactive sessions encouraged real-time coding, boosting technical skills and confidence. Overall, it enriched students with both conceptual knowledge and practical exposure, building a strong foundation for future learning in data science.

Mrs. J. Yamuna Bee, Assistant Professor & Head, PSN College of Engineering and Technology, delivering a session on Python for Data Science on 23 September 2025

Recognition at ICT Academy Bridge Conference 2025

Event	: 67th Edition of the ICT Academy Bridge Conference
Theme	: "Tamil Nadu – From Skilling to Global AI Leadership"
Venue	: Courtyard by Marriott, Madurai
Date	: 25 September 2025 (Thursday)

The Department of Computer Science and Annai Hajira Women's College have achieved a significant milestone in institutional excellence. At the prestigious 67th Edition of the ICT Academy Bridge Conference, our institution was officially recognized as the "Most Engaged Member Institution in Tamil Nadu" under the Arts & Science College Category. This award highlights our sustained commitment to digital literacy, faculty development, and student skilling initiatives. This honor is a testament to the college's proactive involvement in the various services provided by the ICT Academy. Our engagement has been characterized by Consistent participation in Faculty Development Programs (FDPs), High student enrolment, completion rates in ICT Academy skill-based certifications and active utilization of the academy's industry-linkage programs to bridge the gap between academia and the global tech workforce.

In addition to the institutional honor, Mrs. S. Shankari, Assistant Professor in the Department of Computer Science and the college's ICT Coordinator, was conferred with the Best Coordinator Award (Arts & Science Category).

This individual recognition honors her exceptional leadership in:

Streamlining ICT initiatives: Ensuring that students and faculty have seamless access to member services.

Effective Promotion: Actively advocating for and implementing ICT Academy programs within the institution.

Coordination Excellence: Serving as a vital bridge between the academy and the college to maximize the impact of digital transformation efforts.

Program Outcome : These awards solidify Annai Hajira Women’s College’s position as a leader in technical education and institutional engagement within Tamil Nadu. By being recognized at such a high-level forum, the department has demonstrated its capability to produce industry-ready graduates and maintain high standards of academic administration. The Department of Computer Science remains dedicated to further strengthening this partnership, ensuring that our students stay at the forefront of the journey toward global AI leadership.

Achievement in ICT Academy Youth Talk 2025

Event : ICT Academy Youth Talk 2025 – Regional Finals
Host Institution : St. Xavier's Catholic College of Engineering, Nagercoil
Dates : 07 October 2025 , 08 October 2025 (Regional Finale)

Participant Achievement : Top 10 Finalist (Tirunelveli Region)

Youth Talk is a flagship initiative by the ICT Academy, designed to identify and nurture the next generation of powerful orators and influencers. It motivates students to develop their soft skills alongside technical expertise, highlighting the department's commitment to holistic development and demonstrating the effectiveness of our mentoring for state-level platforms

Regional Pre-Final Round (07.10.2025)

A total of 14 students from Annai Hajira Women's College participated in the Regional Pre-Final round held at St. Xavier's Catholic College of Engineering, Nagercoil. The competition tested the participants' ability to articulate complex ideas, their stage presence and their clarity of thought. Following a rigorous evaluation by the ICT Academy panel, S.H. Yasmeen Fathima was selected to advance as a regional finalist.

Regional Finale (08.10.2025)

Representing the institution and the department, Yasmeen Fathima competed in the Regional Finale on 8th October. This stage involved the top-tier speakers from various colleges across the Tirunelveli region. For her commendable performance and selection among the elite Top 10, she was awarded a Participation Certificate at the Regional Finale level (08.10.2025)

Reaching the regional top 10 is a testament to her hard work and the academic environment at Annai Hajira Women's College that fosters both confidence and excellence. The Management, Principal and Staff of the Department of Computer Science congratulates the significant achievement of S.H.Yasmeen Fathima (III B.Sc. Computer Science), in the ICT Academy Youth Talk 2025. Out of a large pool of competitive speakers, she emerged as one of the Top 10 Finalists for the Tirunelveli Regional Finals, showcasing exceptional communication skills and leadership potential.

INDUSTRIAL VISIT

Event Summary:

Name of the Event : Industrial Visit to Srishti Innovative,
Technopark, Thiruvananthapuram

Date & Time of the Event : 09.10.2025 @ 10.30 A.M

Participants : All the Students of B. Sc Computer Science

The Department of Computer Science of Annai Hajira Women's College organized an industrial visit to Srishti Innovative, situated at Technopark, Thiruvananthapuram, on 9th October 2025.

The primary objective of the visit was to provide students with first-hand exposure to the work culture, processes, and technologies used in a leading IT company. It aimed to bridge the gap between theoretical knowledge gained in classrooms and its real-world applications in the IT industry. A total of 104 students from the B.Sc. Computer Science program, accompanied by 4 faculty members, participated in the visit. The students were enthusiastic and eager to learn about software development processes and industry standards.

About the Company

Srishti Innovatives is a reputed ISO 9001:2015 certified software development company established in 2007 and headquartered at Technopark, Thiruvananthapuram. The company specializes in mobile and web application development, cloud solutions, UI/UX design, and enterprise software services for clients across the globe. It has built a strong reputation for delivering innovative, high-quality, and scalable technology solutions tailored to client needs.

Srishti Innovatives' expertise extends to platforms such as Android, iOS, Flutter, React, and Node.js, with a strong focus on emerging domains like Artificial Intelligence, Machine Learning, Blockchain, and Internet of Things (IoT). The company's mission is to foster digital transformation through creativity, innovation, and cutting-edge technology.

Session Highlights

- The team at Srishti Innovatives warmly welcomed the students and provided an introduction to the company's journey, organizational structure, and work culture.
- The HR Manager briefed the students on the importance of professional ethics, teamwork, and communication skills required to succeed in the IT field.
- A technical expert conducted an in-depth session on the Software Development Life Cycle (SDLC), discussing real-time implementation of Agile and Scrum methodologies used in project management.
- Students learned about version control systems, testing tools, and deployment techniques used to ensure product quality and timely delivery.
- Demonstrations were given on current projects, showcasing the integration of Python, JavaScript frameworks, and cloud technologies in modern applications.
- The company representatives also shared insights into career opportunities, internships, and skills in demand in the evolving IT job market.
- The interactive Q&A session encouraged students to ask questions related to project handling, client interaction, and industry expectations.
- The session concluded with an inspiring note on innovation, continuous learning, and adaptability in the fast-paced tech world.

Outcome of the Visit

The industrial visit provided students with valuable practical exposure to industry practices. Through the visit, students were able to:

- Relate classroom learning to real-world project development.
- Gain insights into the workflow of a software company and its core operations.
- Understand the importance of professional ethics, collaboration, and communication in IT roles.
- Learn about modern tools, technologies, and frameworks used in the software industry.
- Build awareness about potential career paths and the skillsets required for future employment.

Students of the Department of Computer Science visited Srishti Innovative, Technopark, on 9th October 2025 to explore the world of innovation.

Department of Computer Science

Event Summary:

- Name of the Event** : World Computer Literacy Day
- Date & Time of the Event** : 02.12.2025 @ 2.00 P.M
- Participants** : B. Sc Computer Science, B. Com Tamil and BA
Tamil First Year Students
- Organized By** : IQAC & Department of Computer Science, AHWC
- Venue** : CSC Lab, Annai Hajira Women's College

The Department of Computer Science, Annai Hajira Women's College, Melapalayam, Tirunelveli, conducted a special session titled "Tech Savvy – Decode the Digital World" on 2nd December 2025 at 2:00 PM in the CSC Lab. The programme was organized by the students of III B. Sc Computer Science with the aim of introducing first-year students to fundamental digital concepts, enhancing their understanding of basic computer skills, and motivating them to adapt confidently to the fast-evolving digital landscape. The session commenced with a soulful **Qirat** rendered by Yasmeen Fathima S H, III B. Sc Computer Science. The **welcome address** was delivered by Krishnaveni A, III B. Sc Computer Science. She warmly greeted the faculty members and students, emphasizing the increasing importance of digital literacy in today's technology-driven world.

The main session focused on familiarizing first-year students with essential digital and computer-related concepts. Key areas covered included:

- Basics of computers
- Introduction to commonly used software and tools
- Shortcut keys
- MS Office
- Importance of digital skills
- Safe and effective use of technology

➤ **Basics of Computers**

Students were introduced to the fundamental components of a computer system by Hameedha Banu K N of III B. Sc Computer Science, including hardware and software. The session explained important hardware parts such as the CPU, monitor, keyboard, mouse, memory, and storage devices. Additionally, students learned about different types of software, operating systems, and how these components work together to perform tasks. This segment helped them understand the structure and functioning of a computer from the ground up.

➤ **Introduction to commonly used software and tools & Shortcut Keys**

Yasmeen Fathima S H of III B. Sc Computer Science explained the shortcut keys to improve speed and productivity; students were taught commonly used keyboard shortcuts. These included shortcuts for copying, pasting, selecting text, opening files, saving documents, undoing actions, and switching between windows. Practical demonstrations allowed the students to practice the shortcuts and understand how they can save time during computer-based tasks. The session included a demonstration of popular software applications and everyday digital tools used for academic work. Students

were shown how to use browsers for online research, email platforms for communication, and productivity tools for assignments and presentations. Basic navigation, installation, and usage tips helped students become more confident using essential applications.

➤ **MS Office**

A detailed introduction to MS Office applications—MS Word, MS Excel, and MS PowerPoint—was provided by Roselin Fathima S of III B. Sc Computer Science.

- **MS Word:** Students learned how to create, edit, format documents, insert tables and images, and use basic formatting tools.
- **MS Excel:** The session covered spreadsheet basics, entering data, using formulas, and creating simple charts.
- **MS PowerPoint:** Students explored creating presentations, applying design themes, inserting multimedia, and organizing slides effectively. This hands-on learning strengthened their ability to complete academic tasks efficiently.

➤ **Importance of Digital Skills & Safe Use of Technology**

This session, handled by Packeera Barvin M of III B. Sc Computer Science, highlighted the essential role of digital skills in today's world by emphasizing how technology influences education, communication, career growth, and daily life. Students learned how digital competency enhances efficiency and prepares them to navigate a technology-driven environment confidently.

The session also focused on safe and responsible use of technology, covering password protection, identifying suspicious links, recognizing cyber threats, and maintaining digital hygiene. Students were guided on ethical digital behaviour, managing their digital footprint, and practicing cyber safety, promoting responsible and secure use of technology.

The programme concluded with a Vote of Thanks delivered by Benezia Judith J, III B. Sc Computer Science. She expressed her heartfelt gratitude to the faculty members, organizers, and students for their support, cooperation, and enthusiastic participation.

Outcome of the Programme

The programme enabled first-year students to gain a clear understanding of basic computer concepts and essential digital skills. It boosted their confidence in using MS Office, shortcut keys, and commonly used software tools. The session also enhanced their awareness of safe and responsible technology practices. Overall, the

event successfully promoted digital literacy among the students.

Event Summary:

Name of the Event	: Data Protection Day
Date & Time of the Event	: 28.01.2026 @ 02.00 P.M
Participants	: All students of Computer Science Department
Organized By	: IQAC & Department of Computer Science, AHWC
Venue	: CSC Lab, Annai Hajira Women's College

The Internal Quality Assurance Cell (IQAC) & Department of Computer Science, Annai Hajira Women's College, Melapalayam jointly organized the celebration of Data Protection Day on 28th January 2026 at 2:00 P.M in the CSC Lab. The program was conducted with great enthusiasm and active participation from the students of the Computer Science Department. The event began with a soulful Qirat recitation by Hameedha Banu K N of III B. Sc Computer Science, followed by a warm Welcome Address delivered by Yasmeen Fathima S H of III B. Sc Computer Science.

As part of the awareness activities, the following sessions were conducted:

1. Cyber Safety Pledge
 - ✓ All students collectively took the Cyber Safety Pledge to commit themselves to responsible digital practices.
 - ✓ The pledge emphasized:
 - Protecting personal information and respecting others' privacy.
 - Creating strong passwords and avoiding password sharing.
 - Being alert to cyber threats like phishing, fake links, and scams.
 - Thinking before clicking, posting, or sharing online.
 - Reporting cyberbullying, misuse of data, or suspicious activities.
 - Following ethical digital practices and promoting awareness among peers.
 - ✓ This activity instilled a sense of personal responsibility and encouraged students to become responsible digital citizens.
2. Cyber Safety Display
 - ✓ A display board exhibition was arranged with multiple sections highlighting key aspects of data protection:

- Password Safety: Charts comparing strong vs weak passwords, tips for creating secure passwords, and slogans like *“A Strong Password is Your First Defense.”*
- Phishing & Online Scams: Fake email/message samples, charts on identifying phishing attempts, and captions such as *“Don’t Click in a Hurry.”*
- Social Media Safety: Posters showing public vs private profiles, do’s & don’ts charts, and tips like *“Think Before You Post.”*
- Digital Footprint: Diagrams showing how online actions leave permanent traces, with the message *“What You Post Today Stays Forever.”*
- Cyber Laws & Help: Charts on common cybercrimes, helpline details (India: 1930), and slogans like *“Report Cyber Crime – Stay Safe.”*

3. Think Smart: Myth or Fact

- ✓ An interactive session was conducted where students differentiated between myths and facts about cyber safety.
- ✓ Examples included:
 - *“Strong passwords are not necessary for social media accounts”* → Myth
 - *“Public Wi-Fi can be unsafe for online transactions”* → Fact
 - *“Once something is posted online, it can be completely deleted”* → Myth
 - *“Updating apps and software helps protect data”* → Fact
- ✓ This activity encouraged critical thinking and helped students challenge misconceptions about online safety.

4. Creative Student Zone

- ✓ Students showcased their creativity through:
 - Posters, cartoons, and comics on cyber safety themes.
 - One-line slogans such as *“Think Before You Click”* and *“Data Protection is Self-Protection.”*
 - *“Did You Know?”* facts highlighting surprising truths about digital footprints and cyber threats.
- ✓ A special activity called *“One Tip I Follow”* was introduced:
 - Students wrote one cyber safety tip on sticky notes.
 - Notes were displayed on the board under the tagline *“Learn from Each Other.”*
- ✓ This zone promoted peer learning and gave students ownership in spreading awareness.
- ✓

Outcome of the Programme :

The Data Protection Day Celebration created awareness on cyber safety, strong passwords, phishing threats, and social media privacy. Through interactive myth vs fact sessions, creative displays, and the cyber safety pledge, students enhanced critical thinking, teamwork, and communication skills. The program blended technical knowledge with ethical awareness, inspiring students to become responsible digital citizens in the digital era.

A collective commitment: students taking the *Cyber Safety Pledge* for safer digital practices.

A display board exhibition showcasing key aspects of data protection.

REPORT ON ONE-DAY WORKSHOP

Event Summary

Event	: One-Day Workshop
Host Institution	: PSN College of Engineering
Date	: 03 February 2026
Topic	: Data Analytics Using R

The Department of Computer Science organized the participation of 30 students from III Year B.Sc. Computer Science in a one-day workshop on “Data Analytics using R” held at PSN College of Engineering on 03.02.2026. The students were accompanied by Dr. Aaisha Nazleem, Assistant Professor of Computer Science.

The primary objective of the workshop was to provide students with practical exposure to the fundamentals of data analytics and the applications of R programming in data analysis. The sessions were conducted by experienced resource persons who shared valuable insights into data handling, statistical analysis, data visualization, and analytical techniques using R tools and packages.

During the workshop, the participants were introduced to the basics of R programming, including data import, data cleaning, graphical representation of datasets, and interpretation of analytical results. Hands-on training sessions enabled students to work with real-time datasets and apply analytical methods effectively. The interactive nature of the workshop encouraged active participation and enhanced the students’ understanding of emerging trends in data analytics.

The workshop also highlighted the importance of data-driven decision-making in various industries and emphasized the growing demand for analytics skills in the current technological landscape. Students gained practical knowledge that will support their academic learning and future career opportunities in the fields of data science and analytics.

Overall, the workshop proved to be highly informative and beneficial for all the participants. It served as an enriching learning experience that enhanced the technical knowledge, analytical thinking, and practical skills of the students. The Department of Computer Science expresses its gratitude to PSN College of Engineering for organizing such a valuable academic program.

Program Outcomes

The workshop enabled students to gain fundamental knowledge of data analytics concepts and their real-world applications. It helped them develop practical skills in R programming for data analysis and visualization techniques. The sessions enhanced the analytical thinking and problem-solving abilities of the participants through hands-on learning activities. Students also understood the importance of data-driven decision-making in various industrial and research sectors. Furthermore, the workshop improved their technical competency and industry-oriented learning skills while creating awareness about emerging career opportunities in the fields of data science and analytics.

Event Summary:

- Name of the Event : International Digital Learning Day
Date & Time of the Event : 12.02.2026 @ 02.00 P.M
Participants : All II & III year students of Computer Science Department
Organized By : IQAC, IIC & Department of Computer Science, AHWC
Venue : CSC Lab, Annai Hajira Women's College

The Internal Quality Assurance Cell (IQAC), IIC & Department of Computer Science, Annai Hajira Women's College, Melapalayam jointly organized the celebration of International Digital Learning Day on 12th February 2026 at 2:00 P.M in the CSC Lab. The program was conducted with great enthusiasm and active participation from the students of the Computer Science Department.

The event began with a Qirat recitation by Mariyumul Rehmath S of II B. Sc Computer Science, followed by a warm Welcome Address delivered by Samrin Hasraa S of II B.Sc Computer Science.

The resource person, Mrs. S. Shankari, Head (i/c) and Assistant Professor, Department of Computer Science, delivered an in-depth lecture that unpacked the theoretical foundations, practical tools, and classroom implications of digital learning, with a strong focus on how Artificial Intelligence augments teaching and learning processes.

What is Digital Learning — Defined as learning supported by digital tools and platforms, including MOOCs (Coursera, SWAYAM, NPTEL), e-books, smart classrooms, virtual labs, simulations, LMS, and AI-powered platforms; emphasized the anytime, anywhere nature of digital learning and its role in flexible course design.

Role of Artificial Intelligence in Education — Clarified that AI augments rather than replaces teachers; described AI's capacity to analyze learner data, personalize learning paths, adapt difficulty levels, and automate routine tasks to free faculty for higher-order teaching.

AI Tutors and Virtual Assistants — Explained practical uses: 24/7 doubt resolution, instant formative feedback, tailored practice questions, and conversational support embedded in LMS; highlighted how these tools improve response time and provide scalable one-to-one assistance.

Smart Content — Discussed AI-enhanced learning materials such as interactive videos, simulations, automated quizzes, and modular learning objects; demonstrated how smart content can be updated in real time and reassembled into personalized learning sequences.

Data-Driven Insights — Covered collection and analysis of learner metrics (quiz scores, time-on-task, engagement patterns) to identify at-risk students, common misconceptions, and effective pedagogical strategies; stressed the importance of transparent metrics and faculty training to interpret analytics responsibly.

Benefits for Students — Summarized advantages: flexible pacing, access to global resources, enhanced engagement through interactivity, immediate feedback, skill development beyond the syllabus, and improved readiness for technology-driven careers.

Challenges and Responsibilities — Addressed risks and responsibilities: guarding against misinformation, protecting personal data, maintaining cyber safety, avoiding over-dependence on AI, and fostering critical thinking alongside digital literacy.

Students gained practical knowledge of digital learning platforms and AI applications, developed increased awareness of how analytics can inform teaching and support student success, and were encouraged to adopt responsible digital practices while pursuing continuous upskilling.

The program concluded with a vote of thanks proposed by Sameedha A of II B.Sc Computer Science, who expressed gratitude to the resource person, organizers, and participants. Overall, the event provided valuable awareness and encouraged students to adopt innovative digital learning practices, reinforcing the importance of technology integration in academic growth.

Outcome of the Programme

The event successfully highlighted the transformative potential of digital learning and AI in higher education while underscoring ethical and practical responsibilities. Participants were encouraged to experiment with adaptive tools, strengthen digital literacy, and engage in institutional conversations about data governance and equitable access.

“International Digital Learning Day Celebration at Annai Hajira Women’s College, led by Mrs. S. Shankari – Inspiring innovation and empowering women through technology.”

Event Summary:

Name of the Event	: World Computer Day
Date & Time of the Event	: 26.02.2026 @ 02.00 PM
Participants	: All students of Computer Science Department
Organized By	: IQAC & Department of Computer Science, AHWC
Venue	: CSC Lab, Annai Hajira Women's College

The Department of Computer Science, in association with the Internal Quality Assurance Cell (IQAC), organized a programme to commemorate World Computer Day on 26th February 2026 from 2:00 PM to 3:00 PM. The event was conducted with the objective of creating awareness among students about the significance, evolution, and applications of computers in the present digital era.

The programme commenced with a Qirat recited by Murzeetha Shirin K.S of III B. Sc Computer Science, invoking divine blessings for the success of the event. Following this, the Welcome Address was delivered by Krishnaveni A, III B. Sc Computer Science, who extended a warm welcome to the resource person, faculty members, and students. In her address, she emphasized the importance of celebrating World Computer Day and highlighted the role of computers in shaping modern education and society.

The highlight of the programme was the session delivered by the Resource Person, Ms. S. Kaviya. She presented a comprehensive talk on World Computer Day, elaborating on the history and development of computers from early mechanical devices to advanced digital systems. She explained how computers have become an integral part of everyday life, influencing sectors such as education, healthcare, business, communication, and research. The resource person also discussed recent advancements in the field, including Artificial Intelligence, Cloud Computing, and Data Science, stressing their importance in future career opportunities. She encouraged students to continuously upgrade their knowledge and skills to meet the demands of the rapidly evolving technological landscape. The session was highly informative, interactive, and well-received by the participants.

The programme concluded with the Vote of Thanks proposed by Sameedha A of II B. Sc Computer Science, who expressed heartfelt gratitude to the resource person for her valuable insights, as well as to the organizing committee, faculty members, and students for their active participation and support in making the event a grand success.

Outcome of the Programme:

The programme successfully enhanced students' understanding of the importance and applications of computers in various fields. It motivated them to develop technical skills and remain updated with emerging technologies. Overall, the session fostered a greater interest among students towards innovation and career opportunities in the field of computer science.

Students actively participated in the World Computer Day celebration held on 26.02.2026 at 02.00 PM, enhancing their Awareness of Computer Technology and Digital Innovation

National Science Day Celebration - 2026

Seminar on STEM Queens shaping a Viksit Bharat

Event Summary:

Name of the event : Seminar on STEM Queens shaping a Viksit Bharat

Date and Time of the event : 27.02.2026 @ 1.45 p.m.

Participants : All the Students of Science Stream

Organized By : IQAC, IIC & All Science Departments

Venue : Seminar Hall @ AHWC

National Science Day is observed annually on 28th February to commemorate the discovery of the Raman Effect by C. V. Raman, for which he was awarded the Nobel Prize in Physics in 1930. The day highlights the importance of science in everyday life and recognizes the invaluable contributions of scientists to national development.

To mark this significant occasion, Annai Hajira Women's College organized a seminar titled "STEM Queens Shaping a Viksit Bharat" on 27th February 2026 at 1:45 p.m. The programme was jointly organized by the Departments of Science Stream in collaboration with the IQAC and the Institution's Innovation Council (IIC). The seminar aimed to create awareness among students about the pivotal role of women in science and their contributions to technological advancement and Nation-Building.

The programme commenced with a Qirat by Farhana S of II B.Sc. Physics, followed by the rendition of Tamizhthai Vazhthu. Mrs.P.Malathi, Head and Assistant Professor of Physics, delivered the welcome address, warmly greeting the gathering and setting the tone for the event.

The Presidential Address was delivered by the Principal In-charge, Dr.S.Sabreen Muneer. In her address, she emphasized the significance of science in daily life and

underscored the remarkable contributions of scientists to society. She encouraged students to cultivate scientific thinking and pursue excellence in their respective disciplines.

Following the inaugural proceedings, Dr.S. Mangala Nagasundari, Assistant Professor, Department of Chemistry, formally introduced the Chief Guest, Dr. K. Murugan, Professor, Department of Biotechnology, Manonmaniam Sundaranar University, Tirunelveli, highlighting his academic achievements and contributions to the field of biotechnology.

In his keynote address, Dr. K. Murugan emphasized the importance of cultivating a scientific temperament among students and encouraged them to adopt curiosity-driven learning rather than relying solely on rote memorization. He also highlighted the significant contributions of women scientists and researchers in driving innovation and in the progress of a developed nation.

Furthermore, he explained the importance of interdisciplinary research, illustrating how fields such as Physics, Biotechnology, Computer Science, and Chemistry collectively contribute to solving real-world problems. He also discussed recent advancements in Biotechnology and Artificial Intelligence, particularly their applications in healthcare, agriculture, and environmental sustainability.

Dr. Murugan concluded his address by encouraging students to develop research aptitude, critical thinking, and problem-solving skills from the undergraduate level itself in order to prepare for future scientific challenges.

As part of the National Science Day celebrations, a Quiz Competition was conducted on 27 February 2026 at 10:30 a.m. to promote scientific awareness and encourage active participation among students. The competition witnessed enthusiastic participation from four teams comprising students from various departments.

Team A:

- Riswana Fathima Y – III B. Sc Chemistry
- Raisha N – III B. Sc Computer Science
- Baheera S – I B. Sc Mathematics

Team B:

- Mariyumul Rehmath S – II B. Sc Computer Science
- Al Nazeera B – II B. Sc Physics
- Ramzan Begam S – I B. Sc Mathematics

Team C:

- Hafsha Al Fawzan K – II B. Sc Mathematics
- Mohamed Afra S Z – I B. Sc Chemistry
- Bhuvaneshwari S – III B. Sc Physics

Team D:

- Sana S – I B. Sc Computer Science
- Mohamed Baseera K – III B. Sc Physics
- Manisha T – II B. Sc Chemistry

After an engaging and competitive session, Team A secured the First Prize, while Team B won the Second Prize.

In addition to the quiz competition, student speeches were conducted to provide a platform for students to express their perspectives on the role of women in science. Sahura Asami K, I B. Sc Mathematics, delivered a speech on the topic “Women in STEM: Driving Innovation and Progress” Mohamed Irfana K, II B. Sc Chemistry, presented a speech on “Women in Science: Catalysing Viksit Bharat.”

The activities provided students with an opportunity to enhance their scientific knowledge, communication skills, and awareness of the significant contributions of women in the field of science.

The event concluded with a Vote of Thanks delivered by Mrs. S. Shankari, Assistant Professor and Head In-charge, Department of Computer Science, who expressed her gratitude to the chief guest, organizers, faculty members, and students for their valuable contributions to the success of the program. The session ended with the National Anthem.

The seminar successfully enlightened students about the evolving landscape of education and encouraged them to embrace technology-driven learning for their academic and professional development.

Outcome of the Programme:

The celebration of National Science Day 2026 enhanced students’ awareness of the importance of science in everyday life. The programme highlighted the theme “Women in Science: Catalysing Viksit Bharat” and emphasized the significant contributions of women scientists to national development. Through the keynote address, quiz competition, and student speeches, students gained valuable insights into scientific thinking and interdisciplinary research. The activities encouraged curiosity, critical thinking, and a research-oriented approach among the participants.

Celebrating National Science Day 2026: Seminar on “STEM Queens – Shaping a Viksit Bharat” by IQAC, IIC & All Science Departments

Event Summary:

- Name of the Event : World Backup Day
Date & Time of the Event : 30.03.2026 @ 02.00 PM
Participants : All students of Computer Science Department
Organized By : IQAC & Department of Computer Science, AHWC
Venue : CSC Lab, Annai Hajira Women's College

The Department of Computer Science, in association with the Internal Quality Assurance Cell (IQAC), organized a programme to observe World Backup Day on 30th March 2026 from 2:00 PM to 3:00 PM. The programme aimed to create awareness among students about the importance of data protection and the need for regular data backup in today's digital world.

The event commenced with a Qirat recited by Yasmeen Fathima S.H. of III B. Sc Computer Science, invoking blessings for the successful conduct of the programme. The Welcome Address was delivered by Benezia Judith J, III B. Sc Computer Science, who warmly welcomed the gathering and emphasized the significance of World Backup Day in promoting safe digital practices.

The Resource Person, Dr. A. Aaisha Nazleem, delivered an informative and engaging session focusing on the significance of World Backup Day, observed globally on March 31 each year. She explained that the day serves as a reminder for individuals and organizations to regularly back up their data to prevent loss due to unforeseen circumstances such as system failures, cyberattacks, accidental deletion, or natural disasters. She elaborated on the increasing dependence on digital platforms and how valuable data ranging from academic records to personal files can be at risk if not properly

secured. The resource person discussed various backup strategies, including full backup, incremental backup, and cloud-based solutions, and emphasized the importance of maintaining multiple copies of data in secure locations. She also encouraged students to adopt simple practices like setting automatic backups and using reliable storage systems to ensure data safety. The session provided practical insights into how effective backup strategies can prevent significant data loss and ensure continuity in both academic and professional work.

The programme concluded with the Vote of Thanks delivered by Samrin Hasra S, II B.Sc -Computer Science, who expressed sincere gratitude to the resource person, organizers, and participants for their support and active participation.

Outcome of the Programme:

The programme enhanced students' awareness of the importance of data backup and digital safety in everyday life, while helping them understand various backup techniques and secure data management practices. It encouraged students to adopt regular backup habits to prevent data loss and ensure information security. Overall, the session instilled a strong sense of responsibility among students towards protecting digital data in both personal and professional contexts.

Students Actively Participated in the World Backup Day Celebration Held On 30.03.2026 Creating Awareness About the Importance of Data Backup and Digital Safety in Daily Life

VALEDICTION - G-WIZ ASSOCIATION 2026

Event Summary:

Name of the Event	: G-WIZ Association 2026
Date & Time of the Event	: 13.04.2026 @ 02.00 P.M
Participants	: All students of Computer Science Department
Organized By	: Department of Computer Science, AHWC
Venue	: CSC Lab, Annai Hajira Women's College

The Department of Computer Science of Annai Hajira Women's College, Melapalayam, Tirunelveli, organized a programme on 13th April 2026 at 02.00 p.m. in the CSC Lab. The event was conducted with the objective of enhancing students' technical knowledge, communication skills, and overall academic development through various engaging activities.

The programme commenced with the recitation of the Holy Qirat by Yasmeen Fathima S.H, III B. Sc Computer Science, which created a peaceful and respectful atmosphere. This was followed by the Welcome Address delivered by Hameedha Banu K.N, III B. Sc Computer Science, who warmly welcomed the gathering and introduced the purpose of the programme.

The programme featured a series of engaging events, including Paper Presentation, Software Marketing, and Quiz. The Paper Presentation session was effectively delivered by three groups of students from different years.

- Mathar Abitha M and Aseela Fathima A of I B. Sc Computer Science presented on the topic "*Machine Learning*", explaining its basic concepts and applications.

- Ahamed Nisha P K and Samrin Hasraa S of II B. Sc Computer Science presented on *“Digital Forensics – The Modern Sherlock Holmes”*, highlighting the importance of technology in solving cybercrimes.
- Roselin Fathima S and Hameedha Banu K N of III B. Sc Computer Science presented on *“How Social Media Algorithms Control Us”*, creating awareness about the impact of algorithms on users.

All the students presented their topics confidently using PowerPoint presentations and demonstrated good subject knowledge, communication skills, and teamwork.

The Software Marketing event required students to present and promote a topic related to computer science, simulating real-world marketing strategies. Participants actively showcased their creativity, persuasive skills, and technical understanding through their presentations.

The Quiz competition was conducted based on computer science topics, testing the participants’ knowledge and quick thinking. The session was lively, interactive, and competitive. Winners of the various events were appreciated, and prizes were distributed in recognition of their performance. Students actively participated in all the events with great enthusiasm. The activities encouraged teamwork, critical thinking, and confidence among the participants, providing them with practical exposure beyond classroom learning. The programme concluded with the Vote of Thanks delivered by Samrin Hasraa S, II B. Sc Computer Science, who expressed her sincere gratitude to the management, faculty members, and all the participants for their support and cooperation in making the event a success. Overall, the programme was informative, interactive, and engaging. It successfully achieved its objectives by enhancing students’ technical knowledge, communication skills, and confidence, thereby contributing to their academic and personal development.

Outcome of the Program:

The programme enhanced students’ technical knowledge and improved their presentation and communication skills. It provided a platform to develop confidence, creativity, and teamwork through active participation. The activities encouraged

critical thinking and practical learning beyond the classroom. Overall, it contributed to the students' academic and personal development.

EDUCATIONAL TOUR

Event Summary:

Name of the Event : Educational Tour to Kodaikanal

Date of the Event : 15.04.2026

Participants : All Final Year students of B. Sc Computer Science

An educational tour to Kodaikanal was organized on 15 April 2026 for the Final Year B.Sc. Computer Science students of Annai Hajira Women's College as part of their academic curriculum. The tour was accompanied and guided by the Faculty Mrs. S. Shankari, Assistant Professor, Department of Computer Science. The primary objective of the visit was to provide experiential learning and exposure to natural environments, enhancing students' understanding beyond classroom teaching.

Places Visited:

During the educational tour to Kodaikanal, the students visited several important locations, each offering unique learning and observational experiences.

The first stop was Silver Cascade Falls, a picturesque waterfall formed by the overflow of Kodaikanal Lake. Students observed the natural flow of water from a height and discussed its significance in maintaining the local ecosystem. The scenic beauty of the falls also helped them appreciate the importance of preserving natural water resources.

The group then visited Bryant Park, a well-known botanical garden featuring a wide variety of plants, flowers, and ornamental trees. This visit provided students with exposure to plant biodiversity, horticultural practices, and the role of botanical gardens in conservation and education.

At Green Valley View, students experienced a breathtaking panoramic view of the plains and deep valleys below. This location helped them understand geographical features such as valleys, slopes, and elevation, while also offering an opportunity to reflect on the natural beauty of the region.

The visit to Guna Caves was particularly interesting from a geological perspective. Surrounded by dense forest and unique rock formations, the caves allowed students to learn about natural cave structures, rock formation processes, and the ecological significance of such environments.

The students also visited the famous Kodaikanal Pine Forest, known for its tall pine trees, serene atmosphere, and natural beauty. The visit offered an opportunity to understand the ecological importance of forest environments and the role of trees in maintaining environmental balance. Students enjoyed observing the unique landscape and experienced the peaceful surroundings of the forest area, which is also a popular tourist attraction in Kodaikanal.

Finally, the group visited the Shembaganur Museum of Natural History, which houses an extensive collection of preserved flora and fauna. The exhibits provided valuable insights into biodiversity, wildlife species, and conservation efforts, enriching the students' understanding of natural history.

Overall, each location contributed significantly to the educational value of the tour by combining theoretical knowledge with real-world observation.

Outcome of the Programme:

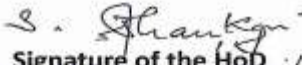

The educational tour helped students gain practical exposure to natural environments and connect classroom learning with real-world observations. It enhanced their awareness of biodiversity, environmental conservation, and ecological balance. The programme also improved teamwork, communication, and interpersonal skills among the students. Overall, the tour was both informative and enjoyable, contributing to their holistic development.

III B.Sc. Computer Science students explored Kodaikanal on 16 April 2026, blending classroom knowledge with real-world learning. The educational tour fostered awareness of biodiversity, conservation, and teamwork.

FAREWELL DAY CELEBRATION

Event Summary

Name of the Event : Farewell Day Celebration 2026

Date of the Event : 20.04.2026

Venue : C. Sc – Lab

Time : 10:00 AM

Participants : Final Year and Junior Students of B.Sc. Computer Science

The Department of Computer Science of Annai Hajira Women's College organized a Farewell Day Celebration on 20 April 2026 to bid a warm and memorable farewell to the outgoing Final Year students. The programme was conducted with great enthusiasm and active participation from both students and faculty members.

The event began with a welcome address followed by cultural activities and entertainment programmes organized by the junior students. Various fun-filled games and interactive activities were conducted especially for the seniors, creating a joyful and lively atmosphere. The games encouraged participation, teamwork, and strengthened the bond between juniors and seniors.

During the programme, the senior students shared their memorable experiences, cherished moments, and gratitude towards the department, faculty members, and their friends. Their farewell speeches reflected the strong emotional connection and unforgettable memories they had created during their college life.

Faculty members also addressed the gathering and shared their valuable feedback, guidance, and blessings with the outgoing students. They appreciated the students for their achievements and encouraged them to pursue their future goals with confidence and determination. The staff members conveyed their best wishes for the students' successful career and bright future.

The celebration concluded with group photographs, refreshments, and heartfelt interactions among students and faculty members, making the occasion memorable and meaningful for everyone present.

Outcome of the Programme

The Farewell Day Celebration strengthened the bond among students and faculty members and created lasting memories for the outgoing students. The programme encouraged interaction, emotional connection, and mutual appreciation among juniors and seniors. Overall, the event was joyful, emotional, and successful in giving the seniors a memorable send-off.

Event Summary:

- Name of the Event : World Earth Day
Date & Time of the Event : 21.04.2026 @ 02.00 PM
Participants : All students of Computer Science & Physics Department
Organized By : IQAC & Department of Computer Science & Physics
Venue : CSC Lab, Annai Hajira Women's College

The Internal Quality Assurance Cell (IQAC), in association with the Department of Computer Science and the Department of Physics of Annai Hajira Women's College, Melapalayam, Tirunelveli, jointly organized the celebration of World Earth Day on 21st April 2026 at 02.00 p.m. in the CSC Lab. The programme was conducted with the objective of creating awareness among students about environmental protection, sustainability, and the urgent need to preserve natural resources for future generations. The event also aimed to sensitize students towards current environmental challenges and encourage them to adopt eco-friendly practices in their daily lives.

The programme commenced with the recitation of the Holy Qirat by Hameedha Banu K N, III B. Sc Computer Science, which created a calm and respectful atmosphere. This was followed by the Welcome Address delivered by Ahmed Nisha P.K, II B. Sc Computer Science. In her address, she warmly welcomed the dignitaries, faculty members, and students, and highlighted the significance of World Earth Day as a global movement to promote environmental awareness and collective responsibility towards protecting the Earth.

The highlight of the programme was the keynote address delivered by the Resource Person, Mrs. P. Malathi, Head and Assistant Professor, Department of Physics, Annai Hajira Women's College. She delivered an insightful, engaging, and thought-provoking lecture focusing on environmental conservation and sustainable living. She emphasized the importance of protecting the environment and discussed major global issues such as climate change, global warming, pollution, deforestation, and the depletion of natural resources. Her speech provided a clear understanding of how human activities are impacting the environment and the urgent need for corrective measures. Furthermore, she suggested several practical and effective solutions to safeguard the environment, including reducing plastic consumption, conserving water and electricity, minimizing waste, practicing recycling, promoting the use of renewable energy sources, and adopting eco-friendly habits in everyday life. She also stressed the importance of individual responsibility and collective action in addressing environmental challenges.

The resource person further encouraged students to become environmentally responsible citizens and to actively engage in initiatives such as tree plantation drives, waste management programmes, campus cleanliness activities, and energy conservation practices. She highlighted the crucial role of youth in shaping a sustainable future and inspired the students to take proactive steps in protecting the environment. The programme concluded with the Vote of Thanks delivered by Samrin Hasra S,II B. Sc Computer Science. She expressed her sincere gratitude to the management, the resource person, faculty members, and all the participants for their valuable support and cooperation in making the programme a grand success.

It significantly enhanced students' awareness about environmental issues and instilled a strong sense of responsibility towards protecting and preserving the Earth. The programme successfully motivated students to adopt sustainable practices and encouraged them to actively contribute towards creating a cleaner, greener, and more sustainable environment for future generations.

Outcome of the Programme:

The programme created awareness among students about the importance of

protecting the environment and adopting sustainable practices in daily life. It motivated them to take responsibility for conserving natural resources and reducing environmental harm. Overall, it encouraged students to become environmentally conscious and actively contribute to a greener future.

Event Summary:

Name of the Event	: World Book Day
Date & Time	: 21.04.2026 @ 03.00 PM
Participants	: All students of Computer Science & Physics Department
Organized By	: IQAC & Department of Computer Science & Physics, AHWC
Venue	: CSC Lab, Annai Hajira Women's College

The Internal Quality Assurance Cell (IQAC), in association with the Department of Computer Science and the Department of Physics of Annai Hajira Women's College, Melapalayam, Tirunelveli, jointly organized the celebration of World Book Day on 21st April 2026 at 03.00 p.m. in the CSC Lab. The programme was conducted with the objective of promoting the importance of reading, enhancing literary awareness among students, and cultivating a habit of lifelong learning in an academic environment.

The programme commenced with the recitation of the Holy Qirat by Yasmeen Fathima S.H, III B. Sc Computer Science, which created a serene and respectful ambiance, setting a positive tone for the session. This was followed by the Welcome Address delivered by Krishnaveni A, III B. Sc Computer Science. In her address, she warmly welcomed the dignitaries, faculty members, and students, and emphasized the significance of celebrating World Book Day. She highlighted how books act as powerful tools for knowledge acquisition, personality development, and intellectual enrichment.

The keynote address was delivered by the Resource Person, Dr. S. Sabreen Muneer, Head and Assistant Professor, Department of Tamil, Annai Hajira Women's College. She delivered an insightful, thought-provoking, and inspiring speech on the importance of reading books in both academic and personal life. She elaborated on how reading serves as a gateway to knowledge and wisdom and plays a vital role in shaping an individual's thinking, values, and perspectives. She also stressed that regular reading strengthens vocabulary, improves communication skills, and enhances creativity and imagination.

During her session, she explained that books are not merely academic tools but also valuable companions that provide guidance, inspiration, and emotional strength. She strongly encouraged students to develop a disciplined reading habit and to dedicate time every day for reading books. She also motivated them to explore various genres such as classical literature, modern fiction, poetry and academic books to broaden their knowledge and outlook.

This interaction enriched their understanding and inspired them to develop a genuine interest in reading books. As a part of the celebration, students were motivated to take a pledge to read regularly and make books an integral part of their daily lives. The programme successfully instilled enthusiasm among students and encouraged a positive attitude towards reading. The programme concluded with the Vote of Thanks delivered by Buvaneshwari S, III B. Sc Physics. She expressed her heartfelt gratitude to the management, the principal, the resource person, faculty members, and all the students for their active participation and support in making the event a grand success.

Overall, the celebration of World Book Day was informative, inspiring, and impactful. It successfully created awareness about the importance of reading books and motivated students to cultivate a consistent reading habit. The programme contributed significantly to enhancing students' academic interest, intellectual growth, and personal development, thereby fulfilling its objectives in a meaningful manner.

Outcome of the Programme: The programme effectively highlighted the importance of reading books in students' lives. It encouraged them to develop a regular and

disciplined reading habit. Students gained a better understanding of how reading enhances vocabulary, creativity, and critical thinking. The session inspired them to explore different types of books for knowledge and self-development. It also fostered a positive attitude towards lifelong learning and intellectual growth. Overall, the programme contributed to their academic excellence, improved communication skills, and holistic personal development
