**Outcome Based Education - Principles and P**

Outcome Based Education means starting with a clear picture of what is important for students to be able to do, then organizing the curriculum, instruction and assessment to make sure that learning ultimately happens. (Spady 1994)

Outcomes : They are clear learning results that we want students to demonstrate at the end of significant learning experiences.

Three Days International Faculty Development Programme on "21<sup>st</sup> Century Teaching Skills" organized by AHWC. The Resource Person Dr. Atiya Bansal, Director of Alef Academy, CEO of Alef Complementary Education Service Ltd (ACES), Hong Kong highlighted the importance of critical thinking in making informed decisions in the 21<sup>st</sup> century. The first day of presentation covered the domains of learning, distinguishing 21<sup>st</sup> century teaching skills from those of previous centuries. She provided a brief overview of Bloom's Taxonomy, widely recognized framework for categorizing cognitive skills. A key part of the presentation involved a comparison between the six domains of learning and higher-order thinking skills, illustrating the importance of critical thinking in modern education.

The Second day of presentation was focused on various strategies and methods for teaching critical thinking skills to students. She used real-world examples from news headlines to demonstrate how critical thinking can be applied to analyze and interpret news effectively.

The Third day of presentation focused on the techniques of utilizing story telling as an educational tool. She highlighted the effectiveness of storytelling in the teaching and learning process, emphasizing its role in engaging students and enhancing comprehension. The Faculty Development Programme was highly productive through the clear and responsive presentation, and all are benefitted.

3 DAYS INTERNATIONAL FACULTY DEVELOPMENT PROGRAMME ON 21ST CENTURY TEACHING SKILLS

Researchers need critical reading skills to differentiate between facts and texts covertly written for business purposes or propaganda.

Not all reading texts contain bias. In that case critical reading skills help student in discovering the writer's unique perspective.

3 DAYS INTERNATIONAL FACULTY DEVELOPMENT PROGRAMME ON 21ST CENTURY TEACHING SKILLS

**Level 5 Critical Reading**

Critical reading is the process of applying critical thinking skills to a reading text for comprehension.

Critical reading skills involve carefully examining and evaluating a text for facts, looking for its intended aims and intentions which are not clearly explicitly mentioned.

Therefore, while reading a text critically, we understand the text at a much deeper level using elements of critical thinking: inference, logic and rhetoric.

Inference	Logic	Rhetoric
අනුමාන	ව්‍යාජ	ව්‍යාජ
අනුමාන	ව්‍යාජ	ව්‍යාජ

## National Integration Day - 2021

### Event Summary:

<b>Name of the Event</b>	: National Integration Day Celebration - 2021
<b>Date &amp; Time of the Event</b>	: 09.12.2021 @ 02.30 P.M.
<b>Participants</b>	: Staff & Students of AHWC
<b>Organized By</b>	: Internal Quality Assurance Cell (IQAC), AHWC

National Integration Day, also known as Quami Ekta Divas is celebrated in commemoration of the birthday of the country's first-ever female Prime Minister, Indira Gandhi. The day's underlying note is unity, peace, love, brotherhood and the importance of integration, regardless of race or religion. The day promotes harmony, instead of being diverse in the Indian society in terms of culture, multiple languages, religions, geographical diversity; people mix up with each other, understand, and work in a group. Given the diversity and the dynamics of India, it is important to celebrate National Integration Day in schools and colleges, to spread awareness about the importance of unity among the students.

The National Integration Day in our college was celebrated on 9<sup>th</sup> December 2021 at 02.30 P.M. in Hall No.21, Annai Hajira Women's College, Melapalayam, Tirunelveli. The day could not be celebrated as planned on November 19<sup>th</sup>, 2021 due to unanticipated incessant holidays owing to flood-cyclone-rain in Tirunelveli District. The whole philosophy behind National Integration Day is to respect other cultures, our students spent the evening by depicting the different states/cultures of our Nation by dressing up and verbalizing.

The IQAC of Annai Hajira Women's College along with ICT celebrated International Women's Day in a virtual platform with Ms. Leya Susan Varghese, B.E(CSE) partner Landaire Enterprises, Cochin and Chennai

She insisted that International Women's Day is celebrated every year on March 8 to recognise the social, economic, cultural and political achievements of women. The event celebrates women's achievements and raises awareness about women's equality and lobbies for accelerated gender parity. In 1910, Copenhagen hosted the second International

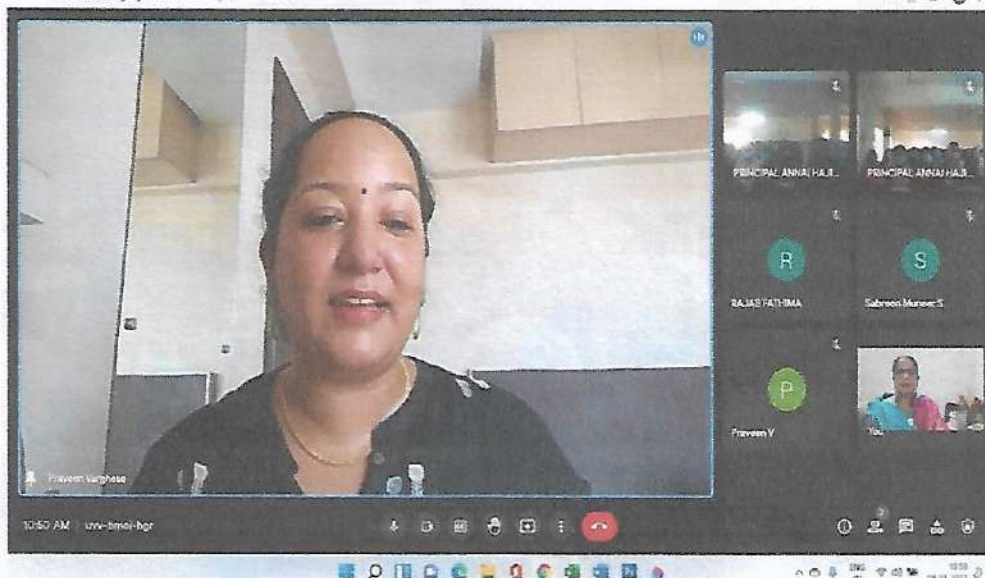

Conference of Working Women. **Clara Zetkin**, German Marxist theorist and activist, proposed the concept of International Women's Day.

This year's campaign theme—**#BreaktheBias**—spotlights the individual and collective biases against women that fuel gender inequality. In India, there is a tradition of worshipping many female goddesses, including honouring woman roles in society such as mother, aunt, son, wife, and other female relatives or friends. But it doesn't mean that the country's need for growth can only be fulfilled by respecting or honouring women. It needs equality in every way of life for the rest of the country's half population.

Women empowerment can help in reducing poverty, development of the country and it can provide a better chance for the next generation. The issues like women backward in India such as gender-based violence, reproductive health inequities, economic discrimination, harmful traditional practices, other pervasive and persistent forms of inequality. If a man is educated it is for him, but if a woman is educated it is for the society, realising this get as many degrees as you can and stay strong. In very simple words, empowerment for women can be described as making women empowered so that they can make their own decisions about their lives and well-being in family and society. It empowers women to allow them to obtain their true rights in society.

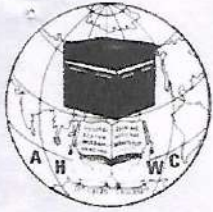

This is a quote which I like given by the **Serena Jameka Williams** the American professional tennis player. Every Woman's success should be an inspiration to another. We're the strongest when we cheer each other.

Internal Quality Assurance Cell (IQAC) of Annai Hajira Women's College organized an awareness programme on the zero-balance account which offers much more flexibility in comparison to a regular savings account that requires minimum balance maintenance. Hence with the help of Bank of BARODA, Melapalayam Branch created awareness about the same to the students on 16.11.2022.

These days, banks are offering different banking products to enhance the banking experience for their customers and zero balance savings accounts are one of them. Account holders in a zero-balance savings account can operate the account with zero balance.

An awareness program was created for the students about the zero-balance savings account by the bank employees of Bank of Baroda and they helped in the process of creating a zero-balance account.

Iftar means the meals that breaks the fast. Time of iftar is the beginning of maghrib (just after the sunset) .Maghrib time duration is very small. Hence, the iftar need to be followed by the prayer immediately, before the maghrib ends. The iftar party which was hosted by IQAC of the College was successful. Around 40-45 staff members were part for the iftar party .

To celebrate the holy month of Ramadan, the Management of Annai Hajira Women's College, organized an Iftar party at the College Campus for the Staff members. On the occasion, Iftar boxes containing dates, Bananas, Vada, Somas, and juice were distributed to the staff while breaking their fast.

'Iftars display the liveliness during the holy month of Ramzan and promote brotherhood not among only Muslims but also between members of other faiths and communities. People of all faiths and communities were traditionally invited to iftars as dining together helped build trust and understanding among people, this was a gathering when Muslims, Christians and those of other faiths joined together, for what was a lovely evening.

It would not have been possible without the kind support and help of respected Management , Principal, IQAC staff and the non-teaching staff.
