Action Taken Report on Feedback

2021 - 2022

Action Taken Report

Sl. No.	Recommendations	Observations	Action Taken
1	There might be an improvement in terms of how the course units are structured.	Requested by the Students	Planned to assess the existing structures and identify opportunities for improvement
2	There is a need in change of the skill-based course since it could be better to serve industry needs as a practical paper rather than a theoretical one	Suggested by the Faculties	Sent an email to the University Board of Studies proposing the substitution of the skill-based course with a practical paper to align with industry demands. We are pleased to inform you that the University has approved our request and successfully implemented the practical paper.
3	The design of the courses in terms of extra learning or self-learning courses could be better	Requested by the Alumnae	Scheduled to introduce additional opportunities for extra learning and self-learning. This includes the development of supplementary resources, online materials, and self-paced modules to support our students' continuous growth.
4	The students' level of creativity as it may be ameliorate	Suggested by the Employers	Intended to provide practical opportunities for students to apply their creativity by incorporating more innovative and project-based assignments. These encourage students to think outside the box and develop unique solutions to real-world problems.
5	The hostel facilities can be better	Requested by the Parents	The management has promised to do.

Action Taken Report on Feedback

2019 - 2020

Action Taken Report

Sl. No.	Recommendations	Observations	Action Taken
1.	There can be equal opportunity between the theoretical and practical subjects	Requested by the Students	Planned to send a request to the university
2.	The adequateness of the textbooks and reference books mentioned for the courses could be better.	Suggested by the Faculties	We are working on expanding our library resources and online databases to provide a wider range of reference materials for the courses. Faculties are encouraged to share specific recommendations for textbooks and reference materials that would be beneficial for their respective courses.
3.	There can be good training and placement cell in getting placement opportunities	Requested by the Alumnae	Planned to conduct placements in our college campus
4.	The syllabus is needed to bridge the academia-industry gap effectively	Requested by the Alumnae	To bridge the gap effectively, we are in the process of introducing workshops, and seminars to enhance the practical knowledge and skills of our students.
5.	The laboratory and equipment adequateness for practical exposure could be little better	Requested by the Alumnae	We remain committed to maintaining and upgrading our facilities to provide the best possible practical exposure to our students.
6.	The transparency of the evaluation system implemented by the institution could be improved.	Suggested by the Employers	Planned to engage with students, faculty, and employers to gather feedback on the evaluation system's transparency and make necessary adjustments.

Action Taken Report on Feedback

2018 - 2019

Action Taken Report

Sl. No.	Recommendations	Observations	Action Taken
1.	They indicated that they may perceive less flexibility in choosing technology-related electives.	Requested by the Students	Planned to improve communication and transparency regarding elective options to ensure that students are aware of the available choices.
2.	The experiment list to be moderately to highly effective in engaging students' interest in the subject could be improved	Suggested by the Faculties	Enrich the list with more diverse and innovative experiments. Also we have tried to increase the accessibility and availability of experimental resources to encourage active learning.
3.	The competence and support of the teachers is satisfactory or even high	Opinion by the Alumnae	To provide high-quality support and instruction, the teachers are asked to attend faculty development programs to update on the latest teaching methods, technology, and subject knowledge.
4.	The institution's support and contributions to students in securing jobs and placements could be better	Suggested by the Employers	We have planned to build relationships with industry partners and employers to provide more job opportunities.
